## FEATURED WINE

The staff at Kamuela Provision Company is happy to share our favorites and one of kind finds with our guests. We encourage you to expand your palette and experiences with these rotating features.

FEL Wines produces Pinot Noir, Chardonnay, and Pinot Gris grown in the Anderson Valley and on the Sonoma Coast. These cool climate regions are known for producing wines of bright acidity and considerable complexity. Crafted by Winemaker Ryan Hodgins, FEL bottlings consistently offer the elusive combination of concentration and elegance.

The signature of component of the Anderson Valley Chardonnay is its bright fruit and fresh flavors that are on full display due to the absence of new oak or malolactic fermentation.

**Tasting Profile:**  
Lifted floral aromatics waft from the glass of this citrus-driven Chardonnay. Notes of lemon zest, white grapefruit, and Key lime, are complemented by hints of juniper, struck flint, and melon. The blend of citrus flavors continues in the mouth with an abundance of fresh lemon and orange zest. The juicy finish is carried by notes of lemon balm with zippy acidity.

### DESSERT WINES

#### Vin Santo del Chianti Classico

Tuscany, ITA

22 glass

*Extremely rare, as only small quantities are produced, this is a typical, traditional Tuscan dessert wine.*

*Enhanced by the creation of the DOC Vinsanto del Chianti Classico, today Badia a Coltibuono's Vinsanto is one of the best raisin wines in the world*

### PORT WINES

#### Graham's 20 year, Tawny Port

Douro Valley, PRT

18 glass

*Excellent bouquet; with a characteristically nutty character and delicious mature fruit; hints of orange peel; exquisitely mellowed by careful ageing. Rich, softly sweet and smooth; perfectly balanced with a long and elegant finish. Pairs extremely well with nuts, dried fruits and fruitcake, as well as vanilla ice cream and crème brûlée.*

#### Sandeman Founders Reserve, Porto

Douro Valley, PRT

10 glass

*Named in honour of the Founder, this Reserve is one of Sandeman's greatest Portos. Selected from the finest lots of each vintage and aged for 5 years. Intense ruby red colour, brilliant and clean. Rich red fruit aromas with a touch of age create an elegant reflection of powerful flavours, the fruit and fire characteristic of young classic Porto balanced with the finesse of age.*

#### Smith Woodhouse, LBV 2000

Douro Valley, PRT

13 glass

*Vintage Port is aged in oak casks for two years before being transferred unfiltered to the bottle, where it has the potential to mature for decades. This has a relatively simple nose of liquorices, sous-bois, smoke and a touch of marjoram. It does not quite have the purity I was expecting. The palate has a ripe, harmonious, seamless entry, a lovely mid-palate of fruitcake, raisin, spice, ginger, and red-berried fruits. Not the structure that is so important here, but the natural sense of cohesion and the graceful finish.*

#### Warres 10 year "Optima", Tawny Port

Douro Valley, PRT

20 glass

*Warre's Otima 10 Year-Old-Tawny reflects the complexity and finesse acquired from prolonged ageing in seasoned wood. The translucent copper coloured tone of the wine is matched by the beautiful soft nutty aromas gained by a full twenty years ageing in seasoned oak casks. OTIMA 10 Years is rich and delicate, but never cloying; the tannins and acidity ensure balance and perfect length.*

### WHISKY vs BOURBON vs WHISKEY

#### WHISKY

The main difference between scotch and **whisky** is geographic, but also ingredients and spellings. Scotch is **whisky** made in Scotland, while bourbon is whiskey made in the U.S.A, generally Kentucky. Scotch is made mostly from malted barley, while bourbon is distilled from corn. If you're in England and ask for a whisky, you'll get Scotch. But in Ireland, you'll get Irish whiskey.

#### BOURBON

The Federal Standards of Identity for **Bourbon** stipulate what is and what isn't bourbon. For a whiskey to call itself **bourbon**, its mash, the mixture of grains from which the product is distilled, must contain at least 51% corn. The mash must be distilled at 160 proof or less, put into the barrel at 125 proof or less, and it must not contain any additives. The distillate must be aged in a new charred oak barrel.

#### WHISKEY

Whether it is whisky or **whiskey** has been the basis of many arguments over many years. The Scots spell it whisky and the Irish spell it **whiskey**, with an extra 'e'. This difference in the spelling comes from the translations of the word from the Scottish and Irish Gaelic forms. **Whiskey** with the extra 'e' is also used when referring to American whiskies. This 'e' was taken to the United States by the Irish immigrants in the 1700s and has been used ever since. Scotland, Ireland and America all have a rich heritage in the whisky industry.
