WHITE WINES

CHABLIS

Chablis is a Chardonnay making wine region in the northwest corner of Burgundy, France. Unlike other

Chardonnay wines, Chablis rarely uses oak-aging, resulting in a very different style and taste profile. It's because of Chablis' renown that the unoaked Chardonnay style is popular worldwide. Wines from Chablis are frequently described as having citrus and white flower aromas with dry, lean, light-bodied flavors of citrus, pear, minerality, and salinity.

CHARDONNAY

Chardonnay is the world's most famous white-wine grape and one of the most widely planted. Chardonnay wines have high aromatic complexity, this is usually due to winemaking techniques (particularly the use of oak) and a distinctive buttery aroma. Fermentation and/or maturation in oak barrels contributes notes of vanilla, smoke, and hints of sweet spices such as clove and cinnamon. Extended lees contact while in barrel imparts biscuity, doughy flavors.

CHENIN BLANC

Chenin Blanc blended wines are made from two of France's most well-respected cool-climate varieties. Both

Chardonnay and Chenin Blanc are high in acid. Chenin Blanc is the principal variety in these wines, with Chardonnay used to add some weight. These wines show honeyed aromas, backed by creamy, green-apple flavors, often with a hint of hazelnut.

RED WINES

CABERNET SAUVIGNON

Cabernet Sauvignon is probably the most famous red wine grape variety on Earth. The classic profile of Cabernet Sauvignon tends to be full-bodied wines with high tannins and noticeable acidity that contributes to the wine's aging potential. Blackcurrant notes that can be accompanied by green bell pepper notes, mint and cedar which will all become more pronounced as the wine ages.
